Religious not Spiritual:

Reclaiming Traditions and Communities in a Corporatized World

Many people today identify themselves as 'spiritual but not religious'. [Dr Ruparell](#) will explore this position, asking what spirituality means in today's secular, materialistic world and questioning whether, in the face of the commoditization of spirituality, a more robust understanding of 'religion' can be rehabilitated.

[Dr Ruparell](#) is an Associate Professor and Head of the Department of Classics and Religion at the U of C. His PhD is from Cambridge with research in comparative philosophy of religion and modes of cross cultural interpretation. He has written on Hindu-Christian dialogue, Science and Religion and, more recently, Medical Humanities.
